

Cascadia Search Dogs

Candice Church, Ph.D. has been active in Search and Rescue since 2017. Escher is a 5-year-old mixed breed rescue who thinks that he is still a puppy sometimes! Escher loves to run through the forest and find new and exciting people.

He and Candice are currently in training to become a Wilderness Airscent team. When they aren't training, they like to spend time hiking and backpacking trails throughout Washington State.
